

Princessa series

NEW

Primula Acaulis F₁ Hybrid Early

PRINCESSA

(*Primula acaulis*)

Seed Count 1,300 seeds / gr
Germination 15-20°C - 14 days light favored

Raw

Annual

- Early flowering
- Significantly large flower size, nearly twice of regular acaulis type
- Require less cold temperature for flower initiation compared with the other series
- Vigorous habit, suitable for 10.5-12 cm / 4.5 in. pots and packs
- Longer lasting flower due to thick flower petal
- Colorful assortment for garden and patio, giving more choice to the consumers from late fall to spring
